

Brazil Theft to Steal Medications

Brazil theft, the reason why my possessions were stolen was because of my medication, Gilenya. Which costed \$2521.11 USD in Mexico. The US understood the expense and the need for medications so they stole it.

It's ok for now. I'll reorder the medication when I'm back here.

I called the pharmacy and they said they were a dermatology pharmacy, so I'm guessing it's simply a place to ship the medication.

Thanks for now,
Naren

Good morning, Naren.

I apologize for not contacting you yesterday. We had problems with our system and it was solved until this moment. The drug has not yet arrived, and I guess is late for you.

Do you want to make your request to send it by DHL?

Yadira.

Naren,

The deliveries from the laboratories to us are about 5 p.m., let me confirm if we could have it today.

I'm in Mexico City right now so I can pick it up today if you have it available in the pharmacy. My flight out from Mexico City is tomorrow at 3:40 PM so if you have it ready today to by 11 AM tomorrow I can pick it up at Dermalia Pharmacy.

Thanks,
Naren

Good morning, Naren.

I'm glad to know it is working as you expected.

Yes, you can pick it up but not in Pacifico 29 (it's the storehouse). You would have to go to "Dermalia Pharmacy" and I have to give you a folio number. When are you planning to come to Mexico City? Because we are waiting for the medication, it would be available tomorrow.

"Farmacia Dermalia"
La Escondida 146, in the corner whit Av. Miguel Angel de Quevedo
Colonia Barrio Santa Catarina
Delegación Coyoacán
Mexico City

Hello Yadira,

I have a question. The medication works as expected so I will need to order more. If I order more could I pick it up in person in Mexico City from the shipping address for my last order:

Pacifico 29, Col. Barrio La Concepcion, Ciudad de Mexico 04020, Coyoacan, Mexico.

Thanks,
Naren

Goof afternoon, Naren.

You always have to call to 01800-726-1515

You can use the Contacto card in San Pablo, but I don't know if they give the same discount.

The medication is not sent directly from the laboratory. We are an authorized dealer of Novartis.

The delivery time depends on your postal code, but we usually deliver the packages in 24 - 48 hours by DHL, Estafeta or Redpack.

Yadira.

What's your number?

I had a question can I use the Contacto card in a Pharmacy like Farmacia Especializadas or San Pablo for the same discount.

Does the medication ship directly from Novartis and how long does it take to ship and receive if I'm in Tijuana.

Thanks,

Naren
