

Hello Berlin Police,

Dr. Daniela Bermphol and Dr. Pia Schumacher are related to other instances of physical harm and assault in a medical institution and are part of a larger criminal case; which is why they were reported to the police in Berlin. Only the parts that took place in Berlin were reported to Berlin Police. The reason why Dr. Bermphol committed clinical fraud is to protect the other physicians that had committed clinical fraud in a foreign nation (motive). The full criminal case wasn't described to Berlin police because I am in asylum in a foreign nation (formal immigration status) to protect me from physicians like Dr. Bermphol and the other physicians.

There are at least 41 instances of medical fraud and negligence where Dr. Bermphol is a single instance of fraud and at least 4 instances of clinical assault in a medical setting where Dr. Pia Schumacher is a single example. All instances have evidence to substantiate. A list of the full criminal case is attached.

Each instance of clinical fraud and assault in a medical setting after Dr. Daniela Bermphol and Dr. Pia Schumacher is then again to try and protect Dr. Daniela Bermphol and Dr. Pia Schumacher.

The intent of repetitive fraud and assault by these physicians is to cause physical harm, physical disability, and intellectual disability through medical mistreatment. This resulted in asylum (formal immigration status) in a foreign nation because of the repetitive situation that Dr. Daniela Bermphol is part of.

The reason for asylum is to protect me from physicians like Dr. Bermphol and Dr. Schumacher from their goal of causing physical disability and intellectual disfigurement by intentionally mistreating a neurological condition, multiple sclerosis (MS).

With respect to the clear fraud with evidence of fraud in Riga, Latvia it should be regarded as additional evidence of fraud taking place in a foreign nation relating to the same case. Evidence in that case is very clear (with video evidence of fraud taking place). The reason why I reported it to Berlin police is because the fraud took place in Europe while the other parts of the criminal case took place outside of Europe. Should I report it to again to Riga, Latvia police or could Berlin police forward it to Latvia police with evidence of assault and fraud taken place in Berlin?

Thanks,
